

Comments made in response to “How did you benefit personally from *We the Parish?*”

Provided opportunity to reflect, share, belong.

Made me realize how much more I can try to do to make others feel the same about my “parish family” as I do – a feeling of belonging, of mattering to others who share my faith.

Listening to other’s ideas and thoughts.

More sense of community, concrete suggestions to involve myself. Some great discussions!

Getting together with fellow parishioners, talking about things that bothered us, knowing ourselves did hopefully help others.

I got to commune with individual parishioners that I have never met before. I am grateful for an expanded parish family.

Other comments

Excellent presentations, honest sharing, respect for each other’s point of views. Thank you for sharing your spiritual and private life with us to help us on our faith journey.

I really enjoyed the sessions ... feel it is only a beginning.

Very well presented. Take home sheets gave you “food for thought”. Interesting. Good themes – what road we should be on. Good to see young couples.

Wonderful sessions – thank you.

Hopefully joining in future programs.
